

The Key

Nazareth

Let me in your life
Open up the door
Let me in your heart
Give me the key
You're the only one
I'll ever want
Show me the way
Give me the key
Give me the key
Give me the key
I won't let you down
I'll never let you go
I'll love you forever
Give me the key
You're the only one
That knows what I need
Take me in your arms
Give me the key
Give me the key
Give me the key
I don't want to wait
Another second more
I'm down on my knees
Give me the key
I'm over my head
Too far gone
You know how I feel
Give me the key
Give me the key
Give me the key
Give me the key
Give me the key
Give me the key
Give me the key
Give me the key
Give me the key
