

# Vancouver Shakedown

Nazareth

We only came here to play rock'n'roll  
Share some times with some people we know  
Drink some wine  
Give us some time  
We aint no wise boys we aint no fools  
We tried to play clean and keep to the rules  
We take and we give, just playin' our gig  
But we got laid over  
Ya we was done over  
Somebody tell us what's goin' down  
Don't need another Vancouver shakedown  
Six miles high, six miles along  
Chasin' the sun we've come to sing you a song  
Deliver our goods  
We're just rock'n'roll dudes  
All these behind us, and one more to go  
Fly to Vancouver, to do the lastshow  
It's got to be good, like we know that it should  
But we got laid over  
Ya we was doneover  
Somebody tell us what's goin' down  
Don't need another Vancouver shakedown
