

Open My Eyes

Nazz

There is only one winner
There is only one prize
Whoever gets your heart is the winner
There is only one winner
I'm at war with a man that I still haven't seen
It's a fight for life, if I lose you I'll die
Somebody's got to lose you and that's why

There is only one winner
There is no second place
I only know I must be the winner
There is nothing to lose but the sight of your face
I can't stay around if I know you're not mine
Somebody's gonna be lost in your mind

There's a line I don't want to have to follow behind
And I just can't see myself hugging you, loving you
There is only one winner
You're the one to decide
You've got to tell me who is the winner
Tell me who gets the broken heart, who gets the bride
Not a thing I can do - it depends upon you
But nobody wants to win more than I do

I can't lie, and I'll do anything to show you my side
I won't lie, no lie
I'll do anything to bring you over to my side
Take your time, take your time
If you want all my time is yours
Time is yours to make me the winner
