

## Wildwood Blues

Nazz

Got them old, Wildwood blues  
Got them old, Wildwood blues  
Wildwood town, some bad news  
Got them old, Wildwood blues

Drinking beer by the sea  
Giant baseball park by the sea  
Looking like 1953  
Vegetable soup by the sea

Look, Harvey, a crab!

Got into town on the 445  
I could hardly wait to arrive  
Local yokel hippies start performing their tricks  
I try to make it out on the 446

Luxurious accommodations, room and board  
But I take no anger until I fall on the floor  
Baskets, sea shells, anything became my bed  
The local yokels and Jeanie jumped in just the same now
