

Notice Me

NB Ridaz

Ohh I wanna let you know
That I'll always love you baby

Sometimes I think about
Everything that we've been through
And I pray that you would just open your eyes
I love you I need you
So please don't throw our love away

Since the day you and I snuck away to be alone
I knew from that night something special went on
It must have been the first kiss
You told me that nobody else in the world made you feel this
I felt the same way too but nothing stays the same
I'm sorry for the tears I'm sorry for the pain
You were the one that always made things right
I promise you this though you got a friend for life
Maybe one day we can try it again
And maybe things can be a little different
So lets just kiss and say goodbye
Cuz I really cant stand the pain of seeing you cry

I've given everything
I loved you endlessly
But when it comes to me
You don't even notice me
I've given everything
I loved you endlessly
But when it comes to me
You don't even notice me

All that's mine is yours that's what I said
Treat you with love and respect in everyway
You wanted I gave you need me I was there
Now you treat like if I'm not here
I love you and I need you don't wanna let go
If you want somebody else please let me know
Can't take it no more I feel I'm dying inside
Is this the price I pay for handing you my life?
I know I'm not perfect but I trully cared
So when you wake up one morning and I'm not there
Just remember I loved you it will never be the same
Gave you everything and you threw it all away

I've given everything
I loved you endlessly
But when it comes to me
You don't even notice me
I've given everything
I loved you endlessly
But when it comes to me
You don't even notice me

I gave you my good and my bad
My heart and my soul,
My trust my money my time,
What more can you ask from a man

Even when times are hard
I held out my arms and held you
Even excepted you through whatever weather
But now I feel it we're at the end of the road
Whatever we had now I gotta let go
Nights like this I wish raindrops would fall
To cover my tears
Wishing I could replace all those wasted years
Of loving someone who couldn't love me back
And now again I gotta start from scratch
But I know I've given you my everything

I've given everything
I loved you endlessly
But when it comes to me
You don't even notice me
I've given everything
I loved you endlessly
But when it comes to me
You don't even notice me
