

Over U

Ne-Yo

I need a reason to stop calling you
Other than just, you don't want me to
I need a reason not to think of you, first
Soon as the sun rise, ah

And the fact that you think it's done for us
I guess that's should be reason enough

But I refuse to believe, our time is up
Until I do
I need a reason to be over you
Yes, I do
I need a reason to be over you
Ooh, yes, I do
I need a reason to be over you

Why should I, not sit outside your house?
And wait for you, wait for you to come around
We've got some things, that we need to talk about
If you would just talk to me

And the fact you think it's done for us (yeah, yeah, oh, yeah, yeah)
I guess that's should be reason enough (yeah, yeah, oh, yeah, yeah)

But I refuse to believe, our time is up
So, until I do
I need a reason to be over you, ooh
Yes, I do
I need a reason to be over you, woah, oh
Yes, I do
I need a reason to be over you, woah, oh
Yes, I do
I need a reason to be over you, woah, oh
Yes, I do
I need a reason to be over you

And the fact you think it's done for us (yeah, yeah, oh, yeah, yeah)
I guess that's should be reason enough (yeah, yeah, oh, yeah, yeah)

But I refuse to believe, our time is up
So, until I do (until I do)
I need a reason to be over you
Yes, I do
I need a reason to be over you, woah
Yes, I do
I need a reason to be over you
