Big bumper, girl, just a whinin' and wile up  
Dem ma squad, me a stock'til it pile up  
Mine wanna know so mine wanna...

You dance like you mean it, yeah  
Dance like you on fire and ya want me to know  
You move like you mean it, shawty, see the look on your face  
You either wanna fight or wanna make love, maybe both, oh

You got me looking at you, looking at you, watching  
The way you wind it and pop it  
One more time, girl, wind and pop it, yeah, yeah  
Oh, but that drink got me feeling alright  
Pretty little thing, I could watch it all night  
Pull up on that bumper, girl, I just might  
Pull up on that bumper, girl, I just might

Baby, push back when I jump behind it, when I jump behind it  
So when I jump behind it, push back on me  
So baby, push back when I jump behind it  
Baby, let me know you like it  
Tonight, let's give 'em something to see

Everybody singing, oh, oh, oh, oh (ayy)  
Oh, oh, oh, oh (now)  
Everybody singing, oh, oh, oh, oh (ayy)  
Oh, oh, oh, oh (now)

Said, "I want you to mean it," yeah  
You got me on fire, baby, I smell the smoke  
Come on, grab me by the waist and love me real hard  
Baby, looking at me crazy, take me to the bar  
Couple shots, no chaser  
My booty amazing  
Come on, baby, chase it  
Back to the flock, give her space and

You're looking at me, looking at me, watching  
The way I wind it and pop it  
One more time, I wind it and pop it, yeah
