

It's an honest conversation... yeah...

She said, "I want a love, that'll love me when my hair ain't did
And when the make up comes off," yeah
She said, "I want a love, that'll love me when the game is on
And his team just lost," yeah
She said, "I want a love that'll love me even when I ain't there
And that forgive when he in club"
I told her, "You deserve a love two hundred million times
Better than your pretty heart ever dreamed of"

Love
Self-control, honorable
Responsible, I'm with you so
You deserve, you deserve
Baby, that's what you deserve (oh, that's)
Honesty, integrity (what you deserve)
Loyalty, you mean to me
You deserve, you deserve

Baby, that's what you deserve (you deserve)
That's what you deserve (you deserve, you deserve)
That's what you deserve (you deserve, you deserve)
Baby, that's what you deserve (oh, that's, you deserve)
That's what you deserve (what you, you deserve)
That's what you deserve, woah (deserve, you deserve)

She said, "I want a love, that'll I know gon' tell me the truth
Even when it ain't pretty," uh
She said, "I want a love, that'll want a real love
Willing to work to make this thing work with me," woo
Someone she can trust
He don't wanna know where his phone is
She wanna where her home is
Lay around with around with his shirt on
And tryna figure out what the cologne is
She wants a love that can move Heaven and Earth
And that's just what she's worth
Baby, that's what you deserve

Love
Self-control, honorable
Responsible, I'm with you so (oh)
You deserve, you deserve
Baby, that's what you deserve (oh, that's)
Honesty, integrity (oh, oh, what you deserve)
Loyalty, you mean to me
You deserve, you deserve

Baby, that's what you deserve (you deserve)
That's what you deserve (you deserve, you deserve)
That's what you deserve (you deserve, you deserve)
Baby, that's what you deserve (oh, that's, you deserve)
That's what you deserve (what you, you deserve)
That's what you deserve, woah (deserve, you deserve)
