

Ascend to Chaos

Neaera

Ascend to chaos and reclaim your throne.
Let freedom ring.

From hibernation, eternal slumber.
Braving oppression, your hearts, a thunder.
This fortress of falsehood is built to burn.

You don't need to stand what is made to fall.
You don't need to trust what is unjust.

Ascend to chaos and reclaim your throne.
Let freedom ring.
Ascend to chaos and reclaim your own.
Exile the king.

Exile the king.

Let submission break, ignite your hell.
Let courage prevail, abandon your shell.

The strength that gathered you here will spark the night.
Through ache into the unknown, you dare the light.

The strength that gathered you here.
Through ache into the unknown.

Cast out your tyrant, kill the silence.
Unearth the hatchet, create a stampede.
This fortress of falsehood is built to burn.

You don't need to stand what is made to fall.
You don't need to trust what is unjust.

Ascend to chaos and reclaim your throne.
Let freedom ring.
Ascend to chaos and reclaim your own.
Exile the king.

Exile the king.
