

There Ain't Nothin' I Don't Like About You

Neal McCoy

No one likes waiting in the check out line
Or when the boss says you gotta work overtime
I don't like everything most folks do
But there ain't nothin' I don't like about you

I like the way you give and take
The life we livin', the love we make
I like the way you like it too
There ain't nothin' I don't like about you
There ain't nothin' I don't like about you

You got a smile that can't be beaten
You can be wild or you can be sweet
And nobody gets to me like you do
It feels like heaven coming home to you

I like the way you give and take
The life we livin', the love we make
I like the way you like it too
There ain't nothin' I don't like about you
There ain't nothin' I don't like about you

I like the way you always know
When to go fast or go slow
I like the way you like it too
There ain't nothin' I don't like about you

I like the way you give and take
The life we livin', the love we make
I like the way you like it too
There ain't nothin' I don't like about you
There ain't nothin' I don't like about you
There ain't nothin' I don't like about you
