

# So Many Roads

Neal Morse

I came to a place in my life  
When I looked out at many roads  
There must be a way that'll deliver  
I looked for the one that was right  
Stood frozen in my soul  
Show me the way of the believer  
Lord, show me the way of the believer

[I. So Many Roads]

Kind of feel like I'm reaching forward  
Like a wave on the ocean tide  
But there's so many roads to nowhere  
So many places I could try  
But I feel there is one that will go there  
One for me is really right  
And I know that my family loves me  
But I gotta go and take this ride

Cause there's so many roads to nowhere  
So many places I could try  
But I feel there is one that will go there  
One for me is really right  
I've waited so long in maybe  
Maybe it's time for me to fly  
And search for the one that will save me  
That will lead me in the light

Roads to nowhere taking everything I have  
They say, "come on now", you won't ever feel bad  
Come and you'll be glad  
And I feel like I have a calling  
But is it only in my mind?

So many roads before me  
So many places I could hide  
But still there is one that is calling  
Maybe one I haven't tried  
I've waited so long in maybe  
Maybe it's time for me to fly  
And search for the one that will save me  
That will lead me in the light

So many roads, so many roads,  
so many roads to nowhere  
So many roads, so many roads,  
so many roads to nowhere  
So many roads

[II. Star for a Day]

Come on in son our works all fun  
You gotta getcha some California sun  
If you're not sure, who you are  
No personality?  
Well we'll invent you one  
We'll make you a star for a day

You'll get so high that you can fly away  
In a semi-perpetual way  
You'll be living the life  
out on the king's highway  
Hey, be a star for a day

The stadium cheers for Britney Spears  
Let's forget about the wounded tender years  
Convertible car, a house on the coast  
Just take the gig that will pay for the most  
We'll make you a star for a day  
You'll get so high that you can fly away  
In a semi-perpetual way  
You'll be living the life out on the king's highway  
Hey, be a star for a day

We'll make you a star for a day  
You'll get so high that you can fly away  
Why don't you put yourself into the play  
I'm telling you son this is the only way  
Be a star for a day

So many roads, so many roads to nowhere  
So many roads, so many ways to fly  
If God would just show  
Show me the way I'd follow  
Surely I'd go, but there's so many roads  
So many roads

#### [III. The Humdrum Life]

Ho ho the humdrum life, here is your security  
Make sure that you survive, a wonderful destiny  
Have kids and raise them up,  
take a picture of the family  
And once in awhile you show up, to let them see  
you're happy while you work your life away

Ho ho take it slow, check it all thoroughly  
Make sure you don't stand out,  
this is not the way to be!  
Give up your silly dreams, living life fully  
Come down the surest road, you can be happy  
While you work your life away  
Work your life away

Give up your silly dreams, living life fully  
Come down the surest road, fulfilling is a fantasy  
Dreams won't pay your bills,  
you better come and be like me  
This is the best way to be

So many roads, so many roads to nowhere  
So many roads, so many roads to nowhere  
So many roads, so many roads to nowhere  
So many roads, so many roads to nowhere

#### [IV. All the Way to the Grave]

Get a load of him, he's so insane  
Here's some stuff that'll set fire to your brain  
Forget it all you can party everyday... Hey hey  
Live it up! You can be stoned all the way

All the way to the grave

It's the only thing I really like  
I can do what I want with my own life  
Forget it all you can party everyday... Hey hey  
Live it up! You can be stoned all the way  
All the way to the grave

Forget it all you can party everyday... Hey hey  
Live it up! You can be stoned all the way  
All the way to the grave

So many roads, so many roads,  
So many roads, so many roads

[V. The Eyes of the Savior]

Behind door number two there is another life  
One that will satisfy more than you'll ever know  
Now it may not appear beautiful in your eyes  
But there's a place where the spirit flies  
That'll lead right up to the throne

Before your time is almost gone  
Look in the eyes of the Savior  
Turn your darkness into dawn  
Look in the eyes of the Savior

If love is the greatest and God's love is greater still  
Come whosoever will and let Jesus fill your heart

Cause your time is almost gone  
Look in the eyes of the Savior  
Turn your darkness into dawn  
Look in the eyes of the Savior

Cause your time is almost gone  
Look in the eyes of the Savior  
Turn your darkness into dawn  
Look in the eyes of the Savior  
Look in the eyes of the Savior  
Look in His eyes

[VI. So Many Roads Reprise]

As I look to the grand horizon  
Gazing out at the auburn sky  
There's so many roads before me  
So many ways that I could try  
But I'm seeking the One who will guide me  
How else can I know what's right?

If I trust in the one who loves me  
He will lead me into paths of light  
And there's so many roads before me  
Don't let me go down the road of pride  
I know if I only trust in Jesus  
He will lead me to the other side

I came to a place in my life  
When I looked out at many roads  
Show me the way of the believer
