

## The Door Mercy For Sale

Neal Morse

In the name of God you must pay your penance  
If you don't well that's a crime  
If you want to buy your way to heaven  
We'll indulge you every time  
Would you like to come  
We'll eat in secret  
My water's stolen but it's fine  
If you want to know much more about me  
Take a look in Proverbs 9

Mercy, mercy we're selling mercy  
We are Christ and we'll bless you well  
People crying Lord have mercy  
But they've gone in through the gates of hell  
It's true, look out we're comin' for you!

If you think the whore is only history  
Are there those who teach her lies?  
Wherever they believe what came out from her  
The same spirit is still alive

Mercy, mercy we're selling mercy  
We are Christ and we'll bless you well  
People crying Lord have mercy  
But they've gone in through the gates of hell  
It's true, look out we're comin' for you!
