

Hey Now

Necro

The reason that the girls liked me was

Hey now

Hey now I'm all around you, around you

Hey now

Up on your heart I can sing through you

Hey now

Hey now I'm all around you

Hey now

Up on your heart I can sing through you

And they say hey man, you got soul in that music

Eat your brains for dinner, I'm finna kill you

I'm not a saint, I'm a sinner

Light you on fire with paint thinner

How you plan to survive boxing me when I outfox you like Channel 5?

I'm the most dangerous man alive

Known for infamy, program you to kill for me

Hold the fully, pull it, be a wolf for me, take a bullet for me

Give me the Pulitzer for popping mullets verbally

Skull split ya tell the truth, you want sympathy?

You fucking bullshitter you

Rep it like Dutch Schultz did kid

Hell up in Harlem, you made me pop your fucking eye out for Charlie M

Turned you into roadkill, told the prosecutor, "Don't make a mountain from a molehill."

You would've died in the future, tyrannical chief

Pull out automatics in beef, fanatical with satanic beliefs

Son you like Keanu Reeves in Devil's Advocate

Malevolent's my favourite adjective

You agitate, bury you in a grave in a hazel cabinet

Abusive brother, shoot you like Glover till you hover worse than the Devil, I fucked Lucifer's mother

Split her with a caesarean, a pistol-

carryin disciplinarian lyricist varying in sadistic barbarian

Sick of you suckers, play you like Cliff on a Rickenbacker

Run up on your clique pop in a clip and buck ya, you chicken fucker

Relax player, feed you ex-

lax and Bayer, fuck being a taxpayer, rather be an axe-slayer

Put your nose in my biz, invade my space, what's your angle?

Your heart is in the right place on the floor mangled

I'm a pimp, I walk with a limp like I strangled my ankle

You'll end up a gimp when a psychotic chimp attacks you like Hannibal

Manually pull your hair out like an animal, yanking it

Shanking your scalp with a scalpel demonic demonic Emmanuel Lewis

A human puzzle, a beast from the jungle needed a muzzle

Attack you like a bumblebee, in a rumble you crumble
