And sticking things in her intestinal pit her triple 6
Dim the light in her skin tights shorts

You'll soon be rocking a cock in your wind pipe
Pull down the zippers
Shaving you mound with the clippers
Your sensitive around the nipples like my dick tip is
Were getting frisky bitch frisk me like risky business
In the Nastassja Kinski tipsy

Spread it poke it and stick it in
Like an ATM card ,ass to mouth it ain't that hard
Unless were talking bout my smackle
It stays hard like concert streets and steal
And that amount to your metal
Your honey dripping pussy is sensational, replaceable
Bitch you make your money stripping good for you now break of your fo

Your the princes of oral, moral, never rest in your laurels
Trying to lick it off the poles
You're a mothafucka that's hot
Perfect eye brows and make up
Candy lips silk panties and suckable twat
I love your style
Satanic body like Aphrodite
Hot like manicotti
You want it you'll have to fight me
Music is an aphrodisiac
While fucking you moaning sounds similar like a classic pg track
