

# One Way or Another

Necro

The Sexorcist  
Check it you fuckin' bitches  
Stinky twats

I don't kid man I fuck Nicole right in her pink hole  
Then a pickle light up a nickle  
Now honeys ready for the meaty stick pole  
My cum-shot bombs on two hot blondes  
Holding some pom-poms, pork them like won-tons  
I fuck you where you make your doodie, start shaking bootie  
While rockin' thongs, spread your crevice  
Get prepared for the rubber prongs  
I know this bitch that'll suck your dick for three cracks  
And her clitoris lips be hanging down to her kneecaps  
Your cunge is lunch, I'll plunge into your vaginal sponge  
Whether hip-hop or grunge, I'll even munch on the buns of nuns  
If honeys ass is god, I'mma shoot a massive wad  
With the brutal precision, incision, in poodle position  
I'm taking these polariods of this blonde  
She's drippin' upon, substitute my peter with a chiquita  
Then devour for three hours  
My best believe it's washed down south  
Of a hot, wet drippin', cunt sqaushed against my mouth  
I'd like to give a 16 year old slut  
Young buck a tongue fuck  
But she might get knocked up  
And the cops'll wanna lock my cock up

Chorus x4

One way or another  
I'm gonna fuck you  
I'm gonna fuck you fuck you fuck you fuck you

Yo you slob bitch  
Your mouth is equilvelent to garbage  
Suck my cock like a good little girl and make my knob twitch  
It's sodomy, eat my dick like collard greens  
You need a job? Work your lips up and down my solid meat  
Open your mouth, I got a visitor  
You're wanking me off so damn fast your hand is a blur  
Now bob my chunk of godly hunk all over your fucking face  
I'm spitting globs of spunk  
Get on your dirty knees, bend over and bob  
Till your wet tongue spreads my cock juice all over my knob  
Suck my dick with devotion  
You got a no nonsense deep throat motion  
Our bodies creating friction like no lotion  
Substitute my dick with a dynamite stick and fuck your slit  
Peep the ovum explosion  
Necro is a demented mack  
What's more intense than crack  
Your boobs warm against my back  
You got no idea how much pleasure I can take  
So let your fingers grasp around my shaft like a snake  
Now wank me  
After you suck it you could thank me

Frankly I want hanky-panky if you're skanky

Chorus x4

Fuck you!

I'll fuckin' kidnap you!

You bitch!

I'll fuckin' put a fuckin' needle in your arm

You're fuckin dead

You're dead
