

Mutilate the Stillborn

Necrophagist

Dismembering - to chop her body I begin
Bastard - bastard inside
Disfiguring - abdominal wall is opening
Offal - come to sight

Malintention
To chop the foetus I intent
Hateful am I
Vile malodours
Rancid odours I percieve
I'm getting high

Hate and repulsion is that
Which strenghtens my intent
Fetal incising causes premature decease
Loathing am I to commit
Infanticide in unborn state
To tear out the foetus
My aggressions do increase

Mutilate the stillborn (4x)

Dismanteling - excoriate the dead unborn
Vile waste - vile waste inside is
Festering - prenatal fluids I adore
Offal - come to sight

Mutilation
The stillborn body chopped in half
Hateful am I
Disemboweling
The torso drained of tepid bowels
I'm getting high

Hate and repulsion is that
Which strenghtens my intent
Fetal incising causes premature decease
Loathing am I to commit
Infanticide in unborn state
To tear out the foetus
My aggressions do increase

Mutilate the stillborn (8x)
