I am the warrior
I am bred of sin
I am the wolf within

I am the blizzard son My enemies I tear I am their utter fear

I am the berserker
In the forest I grew
Changed my conscious into two

I float between the worlds
I gain might through my pains
In the north I am the ice
In the south I am but flames
Harmageddon, Ragnarck
I'm the eye of the storm
Until nothing remains

Show me the sacred powers of Thurs Show me the path to my cosmic rebirth Give me a vision, give me a sign There in the flames my kingdom I'll find

I search for the balance of fire and ice From Nifel to Muspell with longing in eyes I search for the wisdom the one-eyed once gained Metamorphosis obtained

I am the raging wolf Psychedelic ecstasy I change and leave my sanity

I am the elgr warrior Myst"re Lycanthropique I set the primal in me free

I float between the worlds
I gain might through my pains
In the north I am the ice
In the south I am but flames
Harmageddon, Ragnarćk
I'm the eye of the storm
Until nothing remains
