

Aim

Ned's Atomic Dustbin

Been missing you baby
I missed you again

Can't get a good aim
Ashamed, I can't get a grip on
Can't get a good aim
That's strange, I can't hold a gun right
Can't get a good aim
You don't stay in my sights
Can't get a good aim
Hold on, hold on tight

(Manchester, so much to answer for)

Lay off of my brain
Get off of my back
Get back on that train
And find your own track
Don't ever comeback
Don't ever comeback
Don't ever comeback
Don't ever comebac
