

Nothing Like

Ned's Atomic Dustbin

I don't know what you're thinking
When you fail to see things are at an end
You hate to see me start again
And you don't seem nothing like my friend

Well you just watch me
'Cause you cannot stop me
I don't deny you're in good health
But I do deny that I've found wealth

You look like a fool, but who can tell,
You don't look nothing like yourself
