

Song Eleven Could Take Forever

Ned's Atomic Dustbin

If we get along, I could stay the night
If I think you're right, I could go along
I'll get in the way if it stops a fight
Seems the more you learn, the less you know
This could take forever

I could tell you, nothing's wrong
If it makes you feel right
I could tell you nothing's wrong
It wouldn't make it alright

Go, see the world, it could change your mind
See what you find, digging in the dirt
Hide yourself away, out of sight and sound
See the more you learn, suggest you know
This could take forever

If you get along, I could stay the night
If I think you're right, I could go along
I'll get out the way if you want a fight
Seems the more you learn, the less you know
This could take forever
