Haley

NEEDTOBREATHE

If you don't know just how you feel
don't say those sweet things that you know I'd want to hear
If you don't know just what to think
then put your thoughts away and keep them out of reach

Haley don't hurt me, if you don't know
I could of moved on a long time ago
you're undecided, but your eyes still show
Haley don't hurt if you don't know

If you don't know just where you are
Then slowly step away before we get to far
If you don't just where you stand
don't brace a fall that you might never want to land

Haley don't hurt me if you don't know
I could of moved a long time ago
you're undecided, but your eyes still show
Haley don't hurt me if you don't know

We're on our own again
It's more than I can stand
Just let me if you're for real this time
Your voice has shook again
We're underneath the wind
We talked away into the end

Haley don't hurt me if you don't know
I could of moved a long time ago
you're undecided, but your eyes still show
Haley don't hurt me if you don't know
