

Dying Feelings

Negative

Use my love
now when im down
every time
when i change my mind

some dressed up doll
what you feel about me
when I'm not sure
that what i feel about you

With every time I'm down
I'm thinking of you
when she asked me to turn around
then my mind got around
when she asked me turn around

Love me now
when I'm so down
every lie
when we find
in this love

With every time I'm down
I'm thinking of you
when she asked me to turn around
then my heart got in love
when she asked me..

every time I need you
every time I try forget your face
every time I need you
now I'm down

she asked me to turn around
then my heart got in love
when she asked me turn around
