End Of The Line

You've been walking along the edge So it's been said And you feel so out of place It's in your head It's the end of the line It's the end of the line

I'm taking my time I've swallowed my pride If she ever comes back to me Hello my goodbye I'm taking what's mine So I'm starving the memories It's the end of the line Only one stays behind

You've been hiding so long in despair It shows on your face Even time couldn't heal what was there It can't be erased It's the end of the line It's the end of the line

I'm taking my time I've swallowed my pride If she ever comes back to me Hello my goodbye I'm taking what's mine So I'm starving the memories It's the end of the line Only one stays behind

It's the end of the line It's the end of the line It's the end of the line It's the end of the line

I'm taking my time I've swallowed my pride If she ever comes back to me Hello my goodbye I'm taking what's mine So I'm starving the memories Oh no no no It's the end of the line I'm taking my time I'm taking my time Since there's been a lot of these It's the end of the line It's the end of the line Negative
