

## Jealous Sky

Negative

My life has been a new down  
not that you care  
Cause I'm already breaking out  
All the joy and the tears that we used to share  
are hurting like hell  
I'm breaking out... I'm breaking out

When you're here, I don't know where you are  
I don't know where you've been  
There must be a reason why underneath this jealous sky  
I don't need anyone to tell  
why I make my life this hell  
It's only you and I, underneath this jealous sky

Sometimes I feel insecure, so unsure  
but I know I will make it  
And I'll be fine if you go  
and take a piece of my soul  
That's where I've been faking-  
I'm brave enough, I'm brave enough

When you're here...

I don't need no one to tell, I don't need no one to tell  
why I make my life this hell
