

Loving You

Negative

You are the one who makes me feel
Like my life have a meaning
It's hard to tell you that I care
And all I want is that you kiss me

One more time before I die
I know it's early
But tomorrow I fear it's too late

Oh please don't say
that it's not OK '
cause it's not fair
for me, loving you

So I live only for you
I hope someday you feel the same way too
This life is hurting We both know that
Still all I want is....
