

## Methods Of Torture

Negativland

And remember ... sound was used for centuries as a method of torture.

Place someone's head inside of a bell. And ring it.

And eventually ... they'll go insane.

And eventually ... they'll go insane. (sa- sa- sa- sa-....)

They'll go insane. They'll g

o insane.

And eventually ...

(YOU'RE TIRED. YOU'RE BEATEN DOWN. YOU'RE IRRITABLE. YOUR MENTAL

AND PHYSICAL HEALTH ARE SUFFERING. (Suffer suffer suffer suffer )

IS THERE ANY ESCAPE? (suffer suffer suffer suffer)

IS THERE ANY ESCAPE ... FROM NOISE?)
