

Ain't No Way

Neil Diamond

Ain't no way
To get you out of me
Baby, there ain't no way
In the whole wide world
I'm about to see
By and by
You're all I ever need
Baby, when I forget how good life is
You bring it home to me

[illegible]

Good time come
Ain't no doubt on it
Tomorrow sure looks somethin' else
No matter where I sit

Good time here
Big plum without no pit
And baby, there ain't no way to forget
That you're the why of it

[illegible][illegible]

Hey Come on, hey
Come on, hey
Come on, hey
Come on, hey
Come on, hey
Come on, hey
Come on, hey
Come on, hey
Come on, hey
Ain't no way
