

# Another Day (That Time Forgot)

Neil Diamond

Another sunny afternoon  
Tonight is the world  
It look that sun might face  
To make it through the years  
And somehow took those boats in silly waves  
It was another day that time forgot  
Another day that time forgot

Oh no  
Oh no

Should have held you till the storm went by  
We had nothing left to hang on to  
Too many words you say  
Not the words connecting me to thy  
Just another day that time forgot  
Another day that time forgot

Oh no  
Oh no

The two of us we both just let it fly  
Didn't see it leave  
Didn't do and try  
I only knew that we were moving on  
Suddenly it's gone  
Never knowing why

Oh no  
Oh no

Don't have a reason I can give  
At least not one that I can understand  
Just somehow disappeared  
Slipped beneath the fingers of my hand  
Was on a day that time forgot  
Another day that time forgot

Oh no  
Oh no

Had it once but we just let it fall  
Should have held it close  
Could have had it all  
I'm thinking 'bout the life we could have made  
Lost what we had  
Somewhere along the way

Oh no  
Oh no

A wake up call alone again  
Half remembered dream inside my head  
You took me through the day  
Followed me at night into my bed  
Another day that time forgot  
Another day that time forgot

Oh no  
Oh no
