

# Hey Louise

Neil Diamond

Hey, my Louise,  
If I take you home,  
Will you make me plead?  
My sweet amour  
If I come to close, will you close the door?

Oh ma cherie, do you know my name?  
I remember yours  
And I know what you need  
What you need my Louise

Hey my Louise,  
I can stand the heat,  
But don't let me freeze  
Merci beaucoup, it's a natural thing  
When it's me and you

Oh ma cherie, do you know my name?  
I remember yours  
And I know what you need  
What you need my Louise

Oh ma cherie, do you know my name?  
I remember yours  
And I know what you need  
What you need my Louise  
Need, what you need my Louise  
What you need my Louise
