

# In My Lifetime

Neil Diamond

Hey boy, you got the address  
On the street of unknowns  
Big man smokin' on a cigar  
Dealin' on the telephone  
Hey boy, look out for flim-flam  
If you wanna go real far  
Been there,  
And I believe,  
You got to be what you are  
In my lifetime  
In my lifetime

Hey boy, you look like a million  
Hey now, show 'em what you got  
Hey boy, what you got to run from?  
I'll teach you all that I forgot  
In my lifetime  
In my lifetime

Hey boy, when you write a rock tune  
You give up a piece of your soul  
Stay boy underneath a rockin' moon  
Try before you get too old

Hooray, got yourself a road gig  
Any gig's gonna be fine  
Okay, you gave up your real life  
And I know why  
In my lifetime,  
I have been there  
I have dreamed it  
In my lifetime

L, I, F, E  
In my  
T, I, M, E  
In my lifetime  
(Holly Holy love)

In my lifetime  
(Holly Holy love)  
(Shilo, when I was young)  
In my lifetime  
In my lifetime  
In my lifetime  
In my lifetime
