

# Just Need To Love You More

Neil Diamond

Think a little 'bout what you're sayin'  
What's another day more or less  
Gonna be a waitin' game  
And I got the time if you get the message

What you gonna do about it  
Got to hear the "go or stay"  
Even if you go without me  
You could never make me go away

You know it's true, you know you do  
I don't know how, but I know you  
I don't know how  
But I know  
I can find a way to get it right, yeah

I need to love you more  
That's all I have to do  
Think a little bit less of me  
And a little bit more of you  
I need to see you smile  
The way you did before  
Don't need to start again  
Just need to love you more  
Much more, much more  
Oh lot more, yeah

Talk a little 'bout where we're goin'  
Walk another mile down the road  
Another part of life worth knowin'  
I got the map if you got the ticket  
Wouldn't wanna go without me  
Wouldn't be much fun that way  
Even if you did without me  
You could never make me go away

You know it, too  
You know it's true I don't know how  
But I know you  
I don't know why  
But I know  
I can find a way to get it right, yeah

I need to love you more  
That's all I have to do  
Think a little bit less of me  
And a little bit more of you  
I need to see you smile  
The way you did before  
Don't need to start again  
Just need to love you more  
Oh, lot more, yeah  
Oh yeah, oh yeah

Give a little consideration  
Only thing I've got to do  
Think of all the implications

I can't think of losin' you  
Wouldn't wanna go without you  
Wouldn't be much fun that way  
No, I couldn't go without you  
No, I got to try to make you stay

You know I will, I'll try until  
Can't try no more, then I'll try still  
There ain't a lot for me to say  
Except I got to find a way, yeah

Just need to love you more,  
That's all I got to do  
Think a little bit less of me  
And a little bit more of you  
I need to see you smile  
The way you did before  
Don't need to start again,  
Just need to love you more

I need to love you more  
That's all I got to do  
Think a little bit less of me  
And a little bit more of you  
I need to see you smile  
The way you did before  
Don't need to start again,  
Just need to love you more  
Alright, alright

I need to see you smile  
The way you did before  
Don't need to start again  
Just need to love you more
