## Someone Who Believes in You

## **Neil Diamond**

Believe me, I'm someone who believes in you Say you really had a million dollars And a car for ev'ry day of the week So what? You know what? It wouldn't mean not a single thing Without that someone who believes it too Yeah, you gotta have someone Who believes in you

Say you really had a Hollywood contract And your face upon a big billboard Big car, big star You'd move a lot But you wouldn't get far without That someone who believes it too You better have someone Who believes in you

You are the truest part of me That quiet place Where I can be strong You come to fill my deepest need You call my name and I hear your song

Believe me, There's someone who believes in you

So you really got the hots for stardom All you need is some big guitar To take you and make you Into an overnight star And then you'll find That stars get lonesome too And you better have someone Who believes in you

You are the truest part of me That tender place Where I can be strong You come to fill my deepest need You speak my name And I hear your song

So you really want a job in the circus Paint your face and make the people smile Hey clown, come on down You've been too long walkin' that high wire When you're falling, you'll be calling too Calling out to someone Who believes in you Someone Who's there when nobody needs you Callin' out to someone Who believes in you
