

# Turn Down the Lights

Neil Diamond

I've been up, I've been down  
I've been so turned around  
That I've seen my fate  
In the eyes of others

I've been high, I've been low  
But there's one thing I know  
There's a lot to give  
When we give to each other

So I bring you my song  
Hoping you'll sing along

Turn down the lights  
Turn up the music  
Let's just be together tonight  
And turn down the lights

First we're here, then we're gone  
But the music plays on  
From the heart of one  
To the heart of another

It's goodnight, not goodbye  
We're just done for awhile  
We'll be back again  
With some new things discovered  
And we'll bring you our song  
Hoping you'll sing along

Turn down the lights  
Turn up the music  
Let's just be together tonight  
Come turn down the lights

So I bring you my song  
Hoping you'll sing along

Turn down the lights  
Turn up the music  
Let's just be together tonight

Turn up the love  
Bring out the memories  
You and I could share them all night  
So turn down the lights  
Turn down the lights  
Turn down the lights  
Turn down the lights
