

## Yesterday's Songs

Neil Diamond

Yesterday's songs  
Don't stay around long  
Not much anymore

Yesterday's words  
Don't make themselves heard  
Like they did before

Baby, yesterday's blues  
May be yesterday's news  
But the truth always stays the same  
And good things will never change  
Like sayin' "I love you"  
Sayin' "I love you"

Yesterday's songs  
Don't seem to belong  
They're here and they're gone

Yesterday's moves  
Don't stay in the grooves  
They keep moving on

Maybe yesterday's rhyme  
Was for yesterday's time  
And the future's not ours to see  
But there's some things that always will be  
Like sayin' "I love you"  
Sayin' "I love you"
