

# Faster Than Light

Neil Finn

Close your eyes  
Go to sleep  
Close your eyes  
Get so dizzy  
The world is spinning  
In your bed  
I know where the sun goes  
It's waking up the sparrows  
In England it's morning

In time, you'll see that some things travel faster than light  
In time you'll recognise that love is larger than life

Now you know what you're missing  
Now you've seen that I'm willing  
If you're looking for the message  
Close your eyes

Do you hear what I'm thinking?  
Is it how you've imagined?

In time you'll see that some things travel faster than light  
In time you'll recognise that love is larger than life  
And praise will come to those whose kindness  
Leaves you without debt  
And bends the shape of things that haven't happened yet

Close your eyes  
Colours changing like a lizard  
Close your eyes

I know where the sun goes  
I have seen the world turning

In time you'll find that some things travel faster than light  
In time you'll recognise that love is larger than life  
And praise will come to those whose kindness  
Leaves you without debt  
And bends the shape of things to come that haven't happened yet
