

Into The Sunset

Neil Finn

Here lies the place
Won't let me languish
Hear's all my footsteps and waits

Watch how she fades into the sunset
A vision spectacular in grace

Hunger for the well-travelled
Stimulating discussion
Lift me
Faster into the weakness
Off the wall into blackness
Gifted

Red eyes reflect
Open the suitcase
Spread all your clothes on the floor
Much like it was
Ten years ago
Time on the clock
Don't want to waste it

Hunger for the well-travelled stimulating discussion with me
Faster into weakness
Off the wall into blackness
Gifted
Gifted

Watch how she fades into the sunset
Vision spectacular in grace

Hunger for the well-travelled stimulating discussion with me
Faster into weakness
Off the wall into blackness
Gifted

And I'm away from home
And its a way of life
And I'm flying high
And I'm a wheeling gull
Here, now, I come to rest
Under a lying rock
Over marine parade
Maybe this time
Here, I'll stay
