

## Paradise (Wherever You Are)

Neil Finn

Endless travels  
Can't remember where I've been  
Lying in this hammock  
Feeling tragic  
Like the ones you hear so much about  
Can't wait to tell you what I've seen

Skim the water  
South Atlantic ocean grey  
Always searching for his mate  
Lonely albatross  
Cannot find them  
The ones you care so much about  
They're lost and you're losing your way

Too much pressure  
Gin and tonic water  
They'll forget you  
The ones you care so much about  
They'll surrender to the need  
Paradise wherever you are
