

# Do It Like You Done It When You Meant It

Neil Sedaka

Tell me baby what's come over you  
You never try to satisfy me like you used to do.  
I don't seem to reach you any more  
I wanna know, where did the feelin' go.  
When we kiss your mind is somewhere else,  
I say that I love ya and I feel I'm talkin' to myself.

I'm on fire but you don't feed the flame,  
You're goin' through the motions, nothin' is the same.  
Do it like you done it when you meant it,  
Baby bring it back to where it used to be.  
Somethin' sweet and beautiful is dyin'  
Somethin' that was once a part of you and me.

We used to get it all together,  
We were really happy then,  
Do it like you done it when you meant it,  
Gotta get it back again.  
Day by day we're driftin' far apart,  
I got to find a way to climb the wall around your heart.  
Every time I take you in my arms  
You're cold as ice, you know that just ain't nice.  
But I'll stay no matter what you do,  
'Cause all in all I know that I'm really still in love with you,  
Even though it hurts the way it does,  
I can still remember how wonderful it was.

Do it like you done it when you meant it,  
Baby bring it back to where it used to be.  
Somethin' sweet and beautiful is dyin'  
Somethin' that was once a part of you and me.  
We used to get it all together,  
We were really happy then,  
Do it like you done it when you meant it,  
Gotta get it back again.

Do it like you done it when you meant it,  
Baby bring it back to where it used to be.  
Somethin' sweet and beautiful is dyin'  
Somethin' that was once a part of you and me.  
We used to get it all together,  
We were really happy then,  
Do it like you done it when you meant it,  
Gotta get it back again.  
Gotta get it back again,  
Gotta get it back again,  
Gotta get it back again,  
Gotta get it back again.  
Do it like you done it when you meant it,  
Baby bring it back to where it used to be.  
Do it like you done it when you meant it,  
Baby bring it back to where it used to be.
