Already One

Neil Young

What can I do, what can I say Running down this suspicious highway I can't forget how love let me down And when we meet it still gets in my way.

But we're already one Already one Now only time can come between us 'Cause we're already one Our little son won't let us forget.

Your laughing eyes, your crazy smile Every time I look in his face I can't believe how love lasts a while And looks like "forever" in the first place.

But we're already one Already one Now only time can come between us 'Cause we're already one Our little son won't let us forget.

In my new life I'm travelin' light Eyes wide open for the next move I can't go wrong 'til I get right But I'm not fallin' back in the same groove.

But we're already one Already one Now only time can come between us 'Cause we're already one Our little son won't let us forget.
