

Blue Eden

Neil Young

Embracing,
Distorting,
Supporting,
Comforting
Convincing you,
Consoling you
Controlling you,
Destroying you
All over you

I know someday we'll meet again
We come and go that way my friend
It's part of me, it's part of you

You feel invincible,
It's just a part of life

You feel invincible,
It's just a part of life
