I remember long ago
How I wondered where I'd go
While the blizzards, cold wind and snow
Pounded outside my window.

California sunset Going down in the West All the colors in the sky Kiss another day goodbye.

Land of beauty, space and light Land of promise, land of might You're my home now and it's true California, here's to you.

California sunset Going down in the West All the colors in the sky Kiss another day goodbye.
