

Fool for Your Love

Neil Young

All through the lonesome night
I tossed and I turned
Lost in these dreams of you
Since the day I learned
How could you give yourself
To another man
A fool for your love,
Fool for your love.
Fool for your love.

Look how your eyes have changed,
All the love has gone
Where did I lose you babe,
What did I do wrong
How could you give yourself
To another man
I'm a fool for your love,
Fool for your love.
Fool for your love.

Now you won't say goodbye,
But you don't want to stay
I never thought that I
Would lose you this way.

A fool for your love.

All through the lonesome night
I tossed and I turned
Lost in these dreams of you
Since the day I learned
How could you give yourself
To another man
A fool for your love,
Fool for your love.

Fool for your love.
A fool for your love,
I hold on your love.
I'm just a fool in love with you.

I'm a fool, fool for your love
I'm just a fool for your love
I'm a fool for you.
