

Light a Candle

Neil Young

Instead of cursing in the darkness,
Light a candle for where were going,
There's something ahead, worth fighting for,

When the light of time is on us, you will see our moment come,
And the living sole inside will carry on,

It's a chance to give new meaning to every move we make,
In the cavern, in the cave, where we've come from

When the light of dawn is on us,
We will see what we can be,
And the ancient ones will sleep the music sleep?

In the hallways of the ages, on the road to history,
What we do now will always be with us.

It's a chance to give new meaning to every move we make,
In the caverns in the caves where we've gone wrong

Instead of cursing in the darkness,
Light a candle for where were going,
There's something ahead, worth looking for,

When the light of time is on us,
We will see our moment come,
And the living sole inside will carry on,

Light a candle in the darkness,
So that others might see it,
Light a candle in the darkness, when you go,

Light a candle in the darkness so others might see ahead,
Light a candle in the darkness when you go.
