

## Sign of Love

Neil Young

When we go for a little walk,  
Out on the land,  
When we're just walkin' and holdin' hands,

You can take it as a sign of love,  
When the winds of fate,  
Keep blowin' and we both understand,

Sign of love  
It's a sign of love  
Sign of love  
Sign of love

When we both have silver hair,  
And a little less time,  
But there still are roses on the vine,

You can take it as a sign of love,  
When I look at you,  
When I'm lookin' at you for a long, long time

It's a sign of love  
A sign of love  
Sign of love  
Sign of love

When I first saw you,  
You were just a girl,  
And I was a man,  
While the music played,  
I watched you dance,

Sign of love  
It was a sign of love  
Sign of love  
Sign of love  
Sign of love
