Calling Cards

Neko Case

I used a calling card of a pay phone From the other coast Just to tell you how good it was to hear you In those songs you wrote

They made me think there was something coming Really something worth waiting for Blah, blah, blah... they talk about, oh oh

Every dial tone, every truck stop, every heartbreak, I love you more
Looking like you just woke up from making songs,
Shooting satellites that blew up the pay phones...
Singing we'll all be together,
Even when we're not together
With our arms around each other,
With our faith still in each other

I've got calling cards From 20 years ago.
