

Where Did I Leave That Fire?

Neko Case

A chill ran through me
And I grabbed on tight
That was when I left my body for good
And I shook off all the strength I'd earned

I wanted so badly not to be me
I wanted so badly not to be me
I saw my shadow looking lost
Checking its pockets for some lost receipt

Where did I leave that fire?
Where did I leave that fire?

Will a stranger find it on a curb idling?
Cold cough and the time zone just short of outer space?
Six o'clock tomorrow a strange voice says to me
I do believe we have a fire lady
