

## Beelzebub

Nekromantix

muahahahaha.....  
Pure and innocent  
Long way from home  
Old enough to stand on her own two feet  
Cool & greasy hair  
Took her to a place  
Outside town where lovers meet

When they kissed ah-ah  
In the back seat of his car  
She felt his hands around her neck  
She saw murder in his eyes  
She realized he was the devil in disguise!

You came straight from hell!  
??  
Take her for a ride  
Beelzebub Beelzebub

muahahahaha.....  
Scared and afraid  
Begging for my life  
Running on the edge to pass out  
??  
Catches up with her  
Squeezes out her last breath  
And no one hears her scream
