

Nasty stories about his crucified son  
Is not my definition of fun  
It's a choice between heaven and hell  
Deep beneath I can hear them yell  
Yeah, I'm a sinner and I know where I'm going  
All the things I've done is now showing

So dial 666  
I throw away my crucifix  
Hello, hello, here I come  
The purgatory is hot for me  
Please please pick up that telephone  
In this veil of tears, you'll never be alone

Rejected from the gates of St. Peter  
There were no wings for me  
No, he called me a cheater  
Sad and sorry, I turned away  
There is no way back, now it's time to pay  
A distant voice is now calling for me  
It says come and join us  
It's the best place to be
