Gargoyles Over Copenhagen

Nekromantix

I'm leaving town, just wanna get away
from politics and stupid rules and the eternal love war
A life in boredom is too high a price to pay
I'm headed in no direction, just away from before

That's when the sky turned jet-black
Eyes are watching from above and it ain't bad weather, it's a g
argoyle attack

Gargoyles – Yeah yeah yeah
Gargoyles – Yeah yeah yeah
Gargoyles – Yeah yeah yeah
Gargoyles over Copenhagen

I'm trying to escape, I'm on the run
from these hellsent creatures, they are all over me
Please help me someone, dial 911
The invasion has begun, this is the end of humanity

Those years of waiting hasn't been in vain
They're leaving their bservation posts for the final take-
over, they want world domain

Gargoyles – Yeah yeah yeah
Gargoyles – Yeah yeah yeah
Gargoyles – Yeah yeah yeah
Gargoyles over Copenhagen

Gargoyles – Yeah yeah yeah
Gargoyles – Yeah yeah yeah
Gargoyles – Yeah yeah yeah
