

Monster Metal

Nekromantix

Some people call it evil, others name it mental rape
Once you've been spellbound, there is no escape

Now it's time for you to let loose
We don't care what they say
Join this revelating cruise
'Cause monster metal is here to stay

Suicide and destruction is what they fear
It's brutal, yes, but dangerous only for your ears

I can't help jumping around
To the beat of this psychotic sound
Is this heaven or is this hell
I'm forever submitted to this monster spell

Splatter horror rock n roll, crazy you us find
Well, death is part of life, always keep that in mind
